Irvington Police Department

Child Passenger Seats

One of the services that the police department gladly offers to Village residents is the inspection and installation of child passenger seats. We presently have three officers who have attended extensive training and are certified as Child Passenger Safety Technicians by the National Highway Safety Administration. Upon request, these officers will check the safety of a specific car seat. They will then check on its installation and make necessary corrections. To schedule an appointment, contact P.O. Peter Carelli, 591-8080, Monday through Friday between 8:00am – 4:00pm.

Parking

With the resumption of spring sports leagues, many more residents will be using the Village parks. Coaches, participants, and spectators are asked to observe all parking regulations. Reckless parking and blocked roadways are more than an annoyance or a violation. They present a safety hazard for the people using the park and the residents of the immediate neighborhoods. In an emergency, emergency service vehicles (police, fire, and ambulance) need clear access. Clearing a blocked roadway could waste precious time. Enjoy the parks but please adhere to the regulations.

Helmet Safety

During the summer months, outdoor activities such as bicycle riding, skateboarding, and rollerblading gain popularity. In Irvington, the Village Code requires the **wearing of a helmet by persons of all ages** for any of these activities. More importantly, the use of a helmet reduces the possibility or the severity of injury, if a fall occurs. Parents are urged to require that their children wear a helmet, and in addition, set a positive example by wearing one themselves.

Irvington Beautification Committee

Established in 1989 under the oversight of the Recreation and Parks Department, this committee of volunteers strives to improve the aesthetic appearance of the Village. The Committee also encourages community participation in keeping the Village beautiful, clean, and safe for all of its residents. Volunteers plant the flower boxes and barrels along Main Street with seasonal flowers, decorate the downtown area with evergreens for the winter holidays, design and maintain the landscaping at public sites such as the War Memorial and Ambulance Corps, and assist with the landscaping maintenance at Scenic Hudson Waterfront Park. To plan their activities they meet the last Monday of every month at 9:30am at the Recreation Center, 71 Main Street. New volunteers are always welcome and need no gardening experience! For additional information, call Rita Milo at 591-6089, Anne Myers at 591-6402, or the Recreation Department at 591-7736.

Special Recreation:

The Greenburgh Parks and Recreation. Department, in cooperation with the New York State Office of Mental Retardation and Developmental Disabilities offers a variety of recreation programs for those who are developmentally disabled.

To participate in the program the following is required:

- You must fill out the Special Recreation Annual Information Form
- New program participants must have a personal interview by the Director of Special Recreation with the prospective participant and parent/guardian.

The Town continues to provide programs and services for the developmentally disabled. Under the Department of Parks and Recreation, a full-time Director of Special Recreation, Noel Broccoli, CTRS, administers and coordinates activities for disabled residents in the unincorporated area of Greenburgh, and the incorporated Villages of Ardsley, Dobbs Ferry, Elmsford, Hastings, Irvington, and Tarrytown.

Please Help Us To Not Have To Cancel Great Programs!

Nothing impacts a recreation program faster than residents who wait until the last minute to register. There is a point when a program must be canceled or modified if there is insufficient registration. All programs require a high level of coordination often including facility scheduling, staffing, volunteer recruitment and purchasing of supplies.
